

Umvuyo Holdings Smart Energy

Small off-grid energy storage power station in Sierra Leone

Overview

Designed to support the Government of Sierra Leone's drive towards financially sustainable electrification of the country's rural areas, SOGREA will electrify approximately 25,000 households and 2,800 businesses in approximately 60 communities by supporting the installation of at least 5.2 MWp of solar generation capacity, avoiding 461 tonnes of Carbon dioxide equivalent emissions annually from 2029 onwards.
